TABLETOP

We've included quantity request recommendations for a few popular items. Every style and pattern assortment will be unique and you have your own style, so choose the items and quantities that are perfect for you! We suggest requesting enough pieces to set a table for 12 (don't forget to think about company and holidays!), but you can adjust this number as needed. We have marked items with an * to indicate when a full setting is recommended.

Dinneware: Formal China
