THE ANOLON COLLECTIONS

ANOLON® *Hard-Anodized* NOUVELLE COPPER

- Durable hard-anodized construction is crafted with copper for optimum heat control and cooking performance
- Metal utensil safe nonstick won't scratch, stain, or chip
- Flat rivet technology prevents food from sticking to the rivets so cleanup is swift and simple
- Suitable for all cooktops, including induction burners
- Oven safe to 500°F
- Lifetime Warranty

ANOLON® *Stainless Steel* NOUVELLE COPPER

- Polished stainless steel construction is crafted with copper for optimum heat control and cooking performance
- Suitable for all cooktops, including induction burners
- Dishwasher safe for convenient cleanup
- Oven safe to 500°F, and broiler safe
- Lifetime Warranty

ANOLON® *Umber* ADVANCED

- Heavy-duty hard-anodized construction promotes efficient, balanced heat distribution
- Metal utensil safe interiors and exteriors boast long-lasting nonstick for effortless food release and easy cleanup
- Gorgeous bronze-on-bronze color, with softly flared tulip-shaped profiles
- SureGrip handles offer comfort and control
- Oven Safe to 400°F
- Lifetime Warranty
